Budget Flip Top Table

Specifications

Budget Flip Top Table frames are designed and manufactured principally for use within office and educational environments. Fabricated from 14 gauge (or 2mm) mild steel sheet and tubular sections.

Budget Flip Top Table Frames are supplied in a knock-down format and packaged in reinforced cardboard boxes for protection and to facilitate ease of transportation.

Maintenance

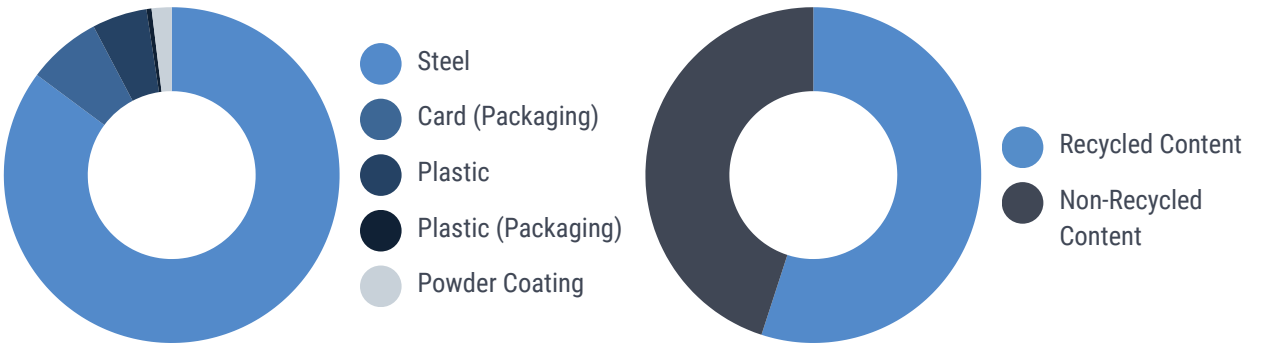

Budget Flip Top Table frames are considered to be maintenance-free; however, the following should be observed during the frame's lifetime:

- Where cleaning of the frame is required, a mild detergent solution should be used. The use of harsh abrasives, acids, alkalis or bleaching products is not recommended. Minor adjustment and lubrication of moving parts may be necessary during the product's service - please refer to the assembly instructions for details.
- Following these simple maintenance procedures will enable trouble-free use of the frame. In the unlikely event any problems do occur, please contact BPF.

Environmental

We are continuously optimising our operations and supply chain, ensuring every product reflects our commitment to a greener future for our community and globally. Don't hesitate to contact us for more information. Please study the chart below detailing our recycled content figures:

Material	Total in Product (%)	Recycled Content of Material	Recycled Content in Product
Steel	85.12%	55%	46.81%
Card - Packaging	7.12%	75%	5.34%
PLastic	5.29%	3%	0.16%
Plastic - Packaging	0.49%	30%	0.15%
Powder Coating	1.92%	0%	0.00%
